1.0 OBJECTIVE

To create and preserve a documented system regarding the repair of the equipment in the Computer, Hardware and Networking Laboratory.

2.0 SCOPE

This procedure applies to all students and faculty in the university that uses and utilize the laboratories in the College of Communication and Information Technology.

3.0 REFERENCES

Computer Laboratory Manual
Digital Electronics Laboratory Manual

4.0 DEFINITION OF TERMS

Dean – An administrative officer in-charge of a college, faculty or division in a university that supervises the enforcement of rules.

ERR (Equipment Repair Request) Form – A form used for the request of repairing fault or error on the IT and electronic equipment.

Equipment Track Record (ETR) Form – A form used to log all details regarding the process and actions made for a particular equipment.

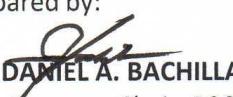

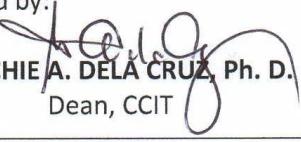

IT/Electronic Equipment – Refers to the physical resources under the Information Technology and Computer Engineering in particulars.

Laboratory Custodian/Technician – A non-teaching personnel who was assigned to maintain the laboratories.

RRD (Request for Replacement and Disposal) Form – A form used for the request of replacement of unrepairable equipment or its devices and disposal of such.

Supply Office – An office in the university that receives, stores and distributes materials and equipment according to the needs of the college and other offices.

Troubleshooting - Refers to checking or identifying specific cause of error or malfunction.

Laboratory
Custodian/
Technician

Check the details of the IT/Electronic
Equipment specifically with the part(s)
to be repaired.

Laboratory
Custodian/
Technician,
Dean, Supply
Office

If the equipment is still on its warranty,
immediately take the equipment to the
Supply Office to inform its
seller/manufacturer.

Laboratory
Custodian/
Technician

Otherwise, bring the IT/Electronic
Equipment to the Repair Room, start
troubleshooting and apply necessary
action(s).

Laboratory
Custodian/
Technician

Once the repair was done, verify
whether the repair of the equipment or
its parts and devices was successful.
